

THE PACKAGING COMPANY

PRODUCT CATALOGUE

For all your packaging needs T: 0116 231 3444 F: 0116 231 3344 E: sales@thepackagingcompany.co.uk

The Team

Our company began trading in 1994 to provide quality packaging materials to all sectors of business in the East Midlands. Our reputation over the years is of delivering high quality products with a personal tailored service to your needs.

Our extensive range of stock products coupled with our unique service support enables us to provide a fast turnaround for all your packaging needs. Our goal is to provide a next-day delivery service for all our stock products, and we have over 2,000 happy customers who rely upon us.

We acquired a box manufacturing unit in 2004 to provide high quality cardboard boxes, what you want when you need it. In addition to our extensive range of stock boxes, we can also manufacture bespoke, die cut and printed boxes. Our in-house box manufacture provides us with total control enabling us to provide a fast turnaround from quotation to delivery.

Buying from The Packaging Company ensures you will get: quality products and great service at competitive prices.

THE TEAM

Headed by our managing director Mark Charles, our team have many years experience in the packaging industry.

A call to the sales hotline on 0116 231 3444 will ensure a prompt and friendly response. The Packaging Company provides a dedicated account manager to look after your precise requirements.

We are always happy to discuss any of your packaging requirements. If you don't see what you need in this catalogue, don't worry we can source and supply many non-stock items, please give us a call, our innovative solutions will surprise you.

Five easy steps to designing the perfect box

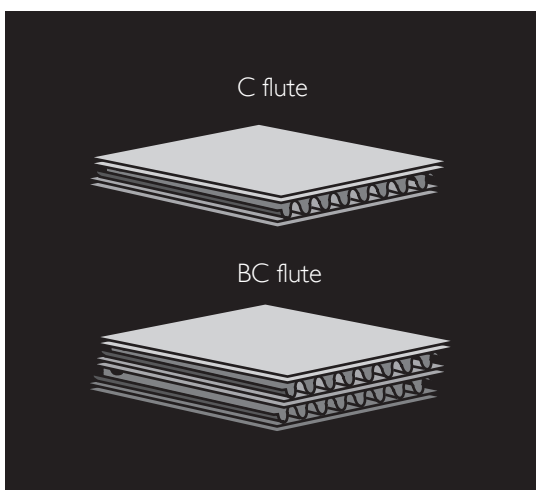

1

Choose the style of the box required

2

Measure your product by length width, lastly depth

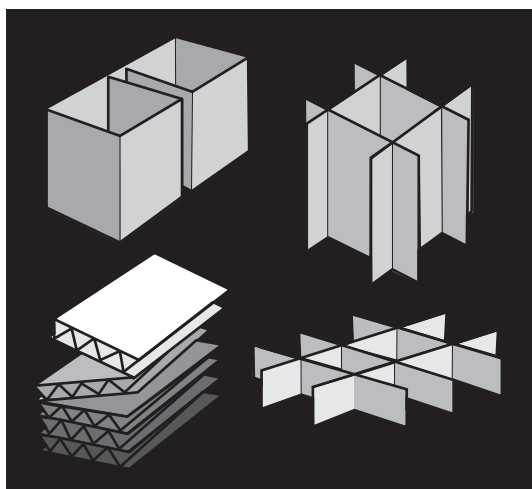

3

How heavy is your product? Choose B flute, C flute or BC double wall as appropriate

4

Add on space for fitments or fillers to product (eg. bubble wrap, loosefill, foam, card fitments, etc.).

5

Choose board grade - Relates to strength of the paper being used. Kraft (K) being purest quality, which is stronger and damp resistant, Test (T) on the other hand contains a high content of recycled paper. Kraft is mostly found on the outside of the boxes, whereas Test is usually found in the inside of the box. Please find examples of some of the board grades

Quality of Card	Board Grade
Standard	125K / 125T
↑	150K / 150T
↕	200K / 200T
Highest	300K / 300T

Die Cutting - The complete service for any size carton or fitting

We offer the complete service for die cut work, we can die cut any size up to 2000mm x 3000mm.

Boxes made to order, quick turnaround (large or small). Export boxes and cases including palletized available and correx.

Regular Cases, Folders and Trays

No quantity too big or small, we can produce any size or style of regular cases

- ☐ Plain or printed
- ☐ Glued or stitched
- ☐ With or without hand holes
